

PARTS KITS

Mechanical seal kits and bearing frame kits are available for most pump models. The mechanical seal kit and bearing frame kit are offered separately. It is highly recommended to order both kits for a major service. Both the Mechanical Seal and Bearing Frame kits include all of the O-rings needed for service. Also available are the upper and lower vacuum pump kits.

Ordering Information:

Parts kits for most pump models are in stock and readily available for shipment within 2 business days. To place an order or request more information, please contact us by phone at 503.266.4115, fax at 503.266.4116 or email at PartsSales@pioneerpump.com.
